

Direct Indexing

Broad Customization Menu & Index List

Direct Indexing provides exposure to a variety of benchmarks through direct ownership of individual securities in a portfolio via a separately managed account (“SMA”). The Direct Indexing platform provides a menu of over 80 personalization screens to help identify, customize, and align your portfolio with your convictions. The following broad pre-configurations align with specific portfolio positions, affinity groups, and/or values-based investing preferences.

You could lose money by investing in a direct indexing strategy. There can be no assurance that a strategy will achieve its investment objectives. For additional information, please refer to First Trust Advisor L.P.'s Form ADV Part 2A.

Broader Exclusions include the worst offending companies represented by the curated exclusions as well as a broader group of companies with high involvement in the issue.

The information presented is not intended to constitute an investment recommendation for, or advice to, any specific person. By providing this information, First Trust is not undertaking to give advice in any fiduciary capacity within the meaning of ERISA, the Internal Revenue Code or any other regulatory framework. Financial professionals are responsible for evaluating investment risks independently and for exercising independent judgment in determining whether investments are appropriate for their clients.

The strategy was previously managed by First Trust Direct Indexing (“FTDI”). Effective October 31, 2024, FTDI merged into First Trust Advisors L.P. (“FTA”). All business activities, including portfolio management and business records are now performed under FTA.
